# Deploying Small Cells

## Course Description

As small cells continue to be deployed in order to augment the service provider's RAN coverage, this course covers the main considerations associated with small cell solutions. This includes the benefits of small cell deployment, as well as the supporting architecture required. The course also discusses the remote management of small cells and also the requirements for the backhaul network, including synchronization and location.

This course has no prerequisites.

**1**

**Day**  
(LiveOnsite, LiveOnline)

**6**

**CPD Learning  
Credits**

**Level: 2**  
(Intermediate)

**This course will contain the following sections:**

## **1. Introduction to Small Cells**

**Topic areas covered include:**

- Small Cell Markets:
  - Example Deployments.
- Small Cell Benefits:
  - Home, Office, Public & Rural.
- Capacity or Coverage.

## **2. Deployment Options**

**Topic areas covered include:**

- Consumer/Enterprise Self-Deployed.
- Operator Deployed Small Cells:
  - Targeted Capacity Hot-Spot.
  - Non-Targeted ('Peppered').
  - Outdoor and Indoor Coverage Not-Spots.

## **3. Synchronization and Location**

**Topic areas covered include:**

- Assisted GNSS.
- Network-based Synchronisation:
  - NTP, PTP IEEE.1588 and NTR.
- Hybrid AGPS.
- Implementation Considerations.

## **4. Small Cell Backhaul**

**Topic areas covered include:**

- Backhaul Technologies:
  - DSL, Fiber/GPN, HFC, Microwave, etc.
- Bandwidth Requirements.
- Pros and Cons of Different Systems.

**1**

**Day**  
(LiveOnsite, LiveOnline)

**6**

**CPD Learning  
Credits**

**LiveOnsite,  
LiveOnline**

## ENTERPRISE

## Managed Learning Services

As part of our managed learning service we can offer you and your organisation a full range of services including:

[mpirical.com/about-us/managed-learning-services](http://mpirical.com/about-us/managed-learning-services)

- Bespoke content and courseware development
- Product specific training packages, including product updates
- Dedicated trainers to understand your products and training requirements
- Managed training delivery services – administrative aspects including scheduling and liaison
- Customizable learning management system
- Traditional classroom, virtual classroom or video based online learning options

## NetX

The Mpirical Network Visualisation Solution: **NetX Bringing Telecoms to Life!** Imagine the benefits of having an entire mobile network available from your desktop.

- Where you can view a complete network map.
- Watch call flows across the network.
- Investigate network procedures.

NetX does this... and even more with our NetX customization options! NetX is not just a learning aid, it is a valuable resource in the day to day activities of any telecoms professional and has been spotlighted as such by the 3GPP.
